

Eco Safety Cone

Eco-friendly
cleaning

New eco-friendly Safety Cone from Robert Scott.

A bright four-sided cone now made from 70% recycled plastic with universal wet floor graphic and 'Caution wet floor' printed on all sides. Easy clean design and stackable for compact storage.

This replaces the Standard Safety Cone, and if all of last year's orders moved over to the new Eco cone we would have saved 1.25 tonnes of virgin plastic. That's enough virgin plastic to make over 50,000 water bottles.

Features & Benefits

Recycled plastic

Easy clean

Floorcare

- Reduce slips and trips.
- Made from 70% recycled plastic.
- Easy clean design.
- Stackable for compact storage.
