

PRO-ROC

PROFESSIONAL RAPID OVEN CLEANER

- Excellent grease removal properties
- Powerful cleaning action against stubborn soilage
- Ready to use formulation

USES

A ready to use thin liquid oven cleaner for use through spray applicators. A non-tainting formulation designed for use in the food industry.

A clear liquid which contains a high concentration of degreasing agents and alkalis. For use on ovens and grills etc.

DIRECTIONS

Apply to the surface. If required allow a few minutes contact time to soften the deposits and agitate if necessary. Wash away with plenty of clean water.

NB. Use a coarse spray or jet when applying the product.

DO NOT USE ON ALUMINIUM, ZINC OR OTHER ALKALI SENSITIVE SURFACES.

DILUTIONS

Use undiluted.

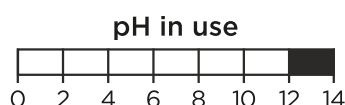

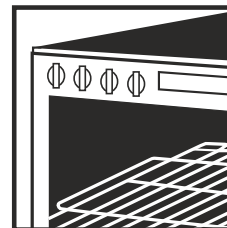

TECHNICAL INFORMATION

The product is compliant with the requirement of BRC Issue 6 - 4.9.1.

This product is suitable for use in a food processing environment.

The product is not scented.
